G9-10 STEM	<p>BY APPLICATION ONLY</p> <p>The STEM Club has been created to provide a platform for students like you, who possess a deep passion for science, to channel your enthusiasm into a meaningful and goal-oriented project. We want to challenge you to utilize your scientific knowledge and skills to produce tangible results that will contribute to the advancement of your chosen field. (Click for Examples: <a href="https://www.instagram.com/p/C1XxNxlRxeP/?hl=en">https://www.instagram.com/p/C1XxNxlRxeP/?hl=en</a>)</p> <p>Unlike traditional science experiments that follow predefined procedures, the projects in our club will require you to develop your research question and design a method to answer it. We believe that by encouraging you to think independently and creatively, you will have the chance to truly explore the depths of your scientific interests. This will not require any report or research paper. The aim is simply to produce a result of benefit.</p> <p>The STEM Club places great emphasis on individual effort and initiative. While we will provide guidance and support throughout the process, you will be responsible for dedicating your own time and effort to the development of your project. This club offers an excellent opportunity to enhance your research skills, critical thinking, and problem-solving abilities — all of which are highly useful and valued in STEM fields.</p>	D206	Thursday
Lunch Friday G9-12 The Neurodivergent Affinity Group	Welcome to The Neurodivergent Affinity Group! Neurodivergent students include, but are not limited to ADHD, ASD, hyperfocus, learning disabilities, anxiety disorders, OCD and others. This group is a safe and inclusive space to share experiences, challenges, and tips to help navigate academic and personal wellness. You will connect with like-minded peers and adult mentors who understand the strengths (and challenges) of Neurodivergent life and learning.	D243	Friday Lunch
Lunch Friday G8-12 Student-Led Accord Magazine	The Accord Magazine club is open to students from G8 to 12 who are interested in working as either a layout editor (arts and design) or a content editor (language and literature).	D228	Friday Lunch

G9-12 Student-Led Gunpla Club	Gunpla Building - students will utilize and develop their own Fine Motor Skills, Creative Initiative, Time Management, and Planning Skills as we seek to build models.	D206	Friday
G9-12 The Young Dreamers' Club	The "Young Dreamers' Club" is a great club idea for high school students. This club can provide a platform for students to explore their passions, set goals, and work towards achieving their dreams. Students can organize various activities and events to inspire and motivate members, such as guest speakers who have achieved success in their respective fields, workshops on goal-setting and action planning, and opportunities for students to share their own aspirations and receive feedback and support from their peers. Additionally, the club can facilitate networking and mentorship opportunities with professionals who can provide guidance and advice to help students pursue their dreams. Overall, the Young Dreamers' Club can empower students to dream big and provide them with the resources and support to turn those dreams into reality.	Large Group Room	Friday
